

TURBO-RACK™

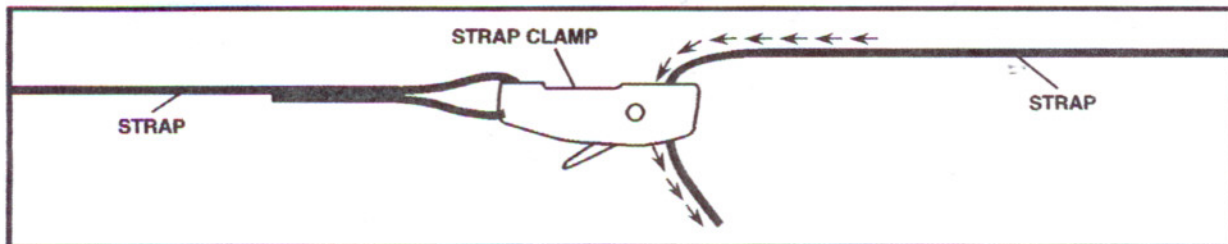

Instructions for installation and use

WARNING: Do not use this strap-thru rack if your vehicle is equipped with roof mounted side air bags. The Turbo-Rack strap could interfere with the bags' deployment.

STEP 1: ATTACHING THE STRAP-THRU TURBO-RACK

- Clean roof surface before use.
- Insert each end of the bar into hole in foam towers (printing on foam blocks face outward).
- Adjust bar width to place foam towers at outer most part of roof. Simply press in both quick release buttons, and slide to desired position hole.
- Insert strap hooks into hole at either end of bar (just outside of foam towers).
- Position rack on vehicle's roof so that the strap will not interfere with the driver or passenger.

IMPORTANT: INSERT STRAP END INTO BACK OF CLAMP.

- With doors open, place straps inside vehicle, feed strap end into back of strap clamp, check position of foam towers and then pull strap to tighten in clamp. Secure loose strap end.
- Recheck position to make sure strap is clear of occupants in vehicle.
- Consult vehicle owners manual for roof weight capacity. (Usually the limit is 100 lbs.) **TURBO-RACK** is intended to support 1 ladder or canoe or item of similar weight.
- **TURBO-RACK** is designed for occasional use only. It is not intended to be permanently used on a vehicle.

STEP 2: LOADING AND SECURING ITEMS TO TURBO-RACK

- Place item directly onto rack and center item.
- Attach item directly to the rack with rope or bungee cord.
- Attach a Front and Rear line (rope or ratchet strap) from the item to the Front and Rear of the vehicle. Protect paint on hood where this line touches with a pad or cloth.
- Recheck attachment occasionally during use.

WARNING: The attachment of this rack is critical and beyond the control of Darby Industries. Darby Industries is not responsible for its attachment or installation. We neither guarantee nor are liable for any damages resulting from its attachment or use. Liability of this rack is limited to its purchase price.

NOTICE: In case you should encounter any missing or defective parts please DO NOT contact the retailer where you purchased the item; instead, please contact:
